Good Friday

My Dear Wife: Another short note to let you know how we are doing. Well guess there is no letter yet so I expect you are alright for no news is good news they say. You will notice by the top of this note what day it is. Well dearest there are no hot cross buns over here the only way we appreciate the day is by having church parade and the rest of the day a holiday. On Tuesday next the 25th we are having another holiday in honor of Anzac Day it is twelve months since that memorable landing so there is to be sports entitled Anzac Day Sports all water events. Real good cash prizes too 1st £6 2nd £3 & 3rd £1. Sug. & wa. £10 & 1/2 each Relay Race £20 & other races from £4 the winner.

The latest censor here is that the Brigades & Divisions & Corps must not be put on the addresses so that if you put on just what is on the top of this note & do not put 1st & 2nd Brigade it will be OK. Do not take too much notice of the dates of my notes for I sometimes date them a week previous & allow some time so that you may get one earlier than this with the same date so do not worry.

Yesterday was Pay day and it is simply scandalous to see the rush on the canteens. The dry does show if the men are well fed or not. The crowd was so deep at the dry & money in notes could not be changed. The wet canteen there was a line half a mile in length waiting.

their turn to get served. It put us in mind of Sydney station when the soldiers trains come in for the meals leave. The weather is terribly hot at midday and we get a ton of trench digging now so you can tell how we are over here. Swimming is the only thing worth looking forward to. I wrote to Auntie in England yesterday that is Dick's mother I expect an answer in less than the time that you receive this note. Less than 3 weeks I should get an answer. I wrote making an appointment so I have an idea that I may see the old country. We have been made up to our full strength now so we ought to soon shift camp for somewhere else.

I hope it is soon as Egypt is monotonous to us now. We read in the paper where Miss Maud Penter the Girl stowaway was caught on another troopship. Strange to say our boat she was first caught on & we have got the chaps with us that were on the boat she was last caught on. She ought to turn it up now. Well with lots of love & kisses to self & little Mona I will close hoping you are in good health & spirits & that Mona is First Class. If I don't soon hear from you I will not know what to think of you.

The latest censor here is that the Brigades and Divisions and Corps must not be put on the addresses so that if you put on just what is on the top of this note & do not put 14th Brigade it will be o.k. Do not take too much notice of the dates of my notes for I sometimes date them a week previous & allow some time so that you may get one earlier than this with the same date so do not worry.
